Psychology Revision Guides

Dear Parent/Guardian,

As our GCSE Psychology students move into Year 11, students should start reflecting on the need to build a regular revision routine for their subjects, with full mock examinations upcoming in December 2024 and March 2025. We know that these students have never faced terminal exams before, and so regular revision is a new habit they will have to build.

As students revise for assessments, they should do so in an eclectic way, making use of their lesson notes, a revision guide, lesson resources we have placed on the Blended Learning Platform and past paper questions.

To that end, we would like to encourage all students studying GCSE Psychology to purchase an OCR Revision Guide, to help them manage the volume of content they will need to revise. The guide is user-friendly, and covers all aspects of the course in simple, easy-to-follow bullet points. It costs £11.50. Unfortunately, we are unable to fund a revision guide for each individual student.

It is available from Amazon.co.uk here: <https://www.amazon.co.uk/My-Revision-Notes-GCSE-Psychology/dp/1510423222>,

or direct from the publisher Hodder at:

Yours faithfully,
