A PARTNER ACADEMY IN JOHN TAYLOR MAT

Head of School: Mrs M Mincher, Bsc, NPQH

Level 2 Animal Care Protective Clothing- Course Requirement

Dear Parent/Person with Parental Responsibility,

May I take this opportunity to welcome you and your son or daughter to Animal Care at Kingsmead. As part of your child's study course, there will be much opportunity for them to complete practical work with the animals, indeed there are many practical elements to the course and some practical assessment also. This will involve cleaning of animal's accommodation and practical animal husbandry tasks.

When working with a variety of animals at Kingsmead, students will be required to wear protective clothing consisting of green coveralls and steel toe-capped boots, part of the requirement within this industry. We have found from past students that a supplier called Goldstar workwear have proven to be the most cost effective, with the approximate cost of boots being around £12.00 and coveralls at £12.00. As long as the overalls/coveralls are green and the boots are safety boots with steel toe caps, the source of supplier is completely your choosing.

If these could be obtained and ready for September, students will be able to begin their work experience. Many thanks for your help in this matter and if you have any enquiries, please feel free to contact me through the email below.

Yours faithfully,

Mrs. A. Gibson – Animal Management Subject Leader
